INDEX OF SUBJECTS

(*Original Article; **Short Communication; (R) Review Article).

A

Abstracts of papers to be presented at the Scientific session, XXIV Indian Pharmaceutical Congress 165

Agapanthus umbellatus L'her rhizomes, phytochemical studies on, 99**

N-Alkylaminoalkyl — 1, 2 — diphenylethylamines as possible anti-inflammatory agents, 167

2 — Aminoacetylbenzothiazolyl — ureas, substituted, 45**

Analgin in pharmaceutical preparations, colorimetric determination of, 98**

Angelica glauca Edgew:, Pharmacognostic studies of, 171

Antifertility compounds: Part IX — Synthesis of possible, synthesis of thiosemicarbazones and bis-hydrazones of (dichloroacetamido) — acetophenones, 39**

Anticonvulsants, substituted quinazolones as, 72**

Antimicrobial activity of, bis-(3-n-alkyl-4-hydroxy-6-chlorophenyl) sulphoxides, sulphones and sulphides, 44**

Apocynaceous leaves, identification of, by epidermal characters, 170

4- Aryl -1- acetoacetylhydrazino-3-thiosemicarbazones as monoamine oxidase inhibitors, 114**

3-Aryl-2-cyclopropyl-4-(3H)-quinazolinones, 121**

Ascorbic acid:, colorimetric determination of, 173

Ascorbic acid, determination of, using tetrazolium violet, 71**

Ascorbic acid in selected sucrose based vehicles:, studies in stability of, 174

Autonomic transmission in stomach fundus obtained from young rats:, nature of, 172

3-Azabicycle (4.2.1) nonane and condensed 1, 4-methano cycloheptane derivatives from bicyclo (3.2.1)-octan-2-one, synthesis of, 167

B

Bauhinia variegata:, pharmacognostical study of, 170

Beckmann fragmentation using a chiral compound, a study of, 166

Belladonna alkaloids, extraction and quantitative determination of micro quantity of natural, in tablet formulation, 9**

Berberine hydrochloride and diiodohydroxy quinoline in dosage forms by nonaqueous titration, estimation of, 166

Bio-assay with unequal dose ratios for the standard and unknown preparations:, 173

Book Reviews, 24, 50, vii, 127, 164

British National Formulary, 24

Chemist and druggist directory 1972 and tablet and capsule identification guide, 127

Hand Book of Virus Infections in animals, 24

Evaluating the effectiveness of community health services, 164

Indian Pharmaceutical Guide 1972, 164

Mentally retarded children, vii

Modern treatment, 50

Pharmacognosy, 127

C

Caffeine, spectrophotometric method of estimation of, 90**

Camphor in turpentine liniment, gas-chromatographic separation and quantitative estimation of, 62*

Capparis decidua, volatile principle from seeds of, (kinetics of *in vitro* antibacterial activity against *Vibrio Cholerae*, ogava, inaba and eltor), 86*

Cardiospermum halicacabum (Jyotishmati) seeds, some preliminary pharmacological investigations on, 76**

Carum gracile Lindl., pharmacognosy of the commercial caraways Part I pharmacognostical study of the fruits of, 147*

Cassia angustifolia Vahl:, a study of development of glycosides during growth in, 169

Chlorpheniramine maleate:, colorimetric determination of, 174

Cholestane-3-ß-5d-6-ß Triol, influence of the choleretic on the hypocholesterolemic activity of, 155*

Cinnamic acid in Tolu balsam. spectrophotometric estimation of, 15**

CNS depressants, 2-substituted — 1, 2, 3, 4, 6, 7, 12, 12a-octahydropyrazino (2', 1': 6, 1) pyrido (3, 4-6) indoles — A new class of, 165

Claviceps purpurea, studies on the saprophytic production of ergot alkaloids by, 169

Clonidine on the central vasomotor loci:, effect of, 172

Copper, determination of, by the ascorbic acid — toluidine blue O system:, 173

Corchorus olitorius, polar glycosides of the seeds of, 168

Costus speciosus, chemical and pharmacological investigation of saponins of, 116**

Crotalaria juncea Linn:, study of seed oil of, 169

Crotalaria verrucosa L:, new pyrrolizidine alkaloids from, 168

D

Datura metel L:, effect of phenylalanine and tyrosine

on growth and alkaloid production in, tissue cultures, 42**
Diazepam, a convenient synthesis of, 48**
Diethylene glycol contamination in non-syrupy base of pharmaceutical formulations:, method for detection and isolation of, 173, 174
Dillapiole — free, Indian dill, 77**
Dill, Indian, as substitute for European dill, 69*
6, 7- Dimethoxy -3- methyl -1 (2H) -isoquinolone and its N-substituted derivatives, synthesis of, 166
Diosgenin content in *Dioscorea deltoidea* Wall ex Griseh collected from Almora district of Uttar Pradesh, 169
Drug laws with changing social pattern in our country:, 175

E

Emblica officinalis Gaertn tissue cultures; effect of phenylalanine and glucose on growth and phyllemblin production in, 169
Emulsions, globule size and zeta-potential correlation in, 105*
Emulsions, studies on rheological properties of, 83*
Encapsulated Powders — studies on, physico chemical properties of encapsulated magnesium carbonate with polyelectrolytes (via) phase separation:, 175
Erythromycin:, a new colorimetric method of estimation of, 173

F

Ferula species, pharmacognostic studies of, 170
Ficus tsiela Roxb:, pharmacognostical studies of, 171

G

Gaultheria fragrantissima Wall:, chemical investigation of the leaves of, 125**
Generic equivalence: A look at the literature, 129 (R)
Genus Crotalaria XIV — monocrotaline for the preparation of pharmacodynamic compounds, 123**

H

Hamycin, stability studies on, 65*
Handbook of virus infections, 24
Heterosteroids, some aspects of, 1 (R)
Heterocyclic systems containing bridgehead nitrogen atom. Part XVI. Use of N-bromosuccinimide in the syntheses of imidazo (2, 1-b) thiazoles, thiazolo (3, 2-a) pyrimidines and thiazolo (3, 2-a) (1, 3) diazepines: 166
Heterocyclic systems containing bridgehead nitrogen atom. Part XVIII. Syntheses of 6-chlorothiazolo (3, 2-a) Benzimidazol-3 (2H) -One (III), 2H-8-chloro (1, 3) thiazino (3, 2-a) benzimidazol-4 (3H) -one (V), and 3-substituted -6- chlorothiazolo (3, 2-a), benzimidazoles (VII):, 165
Heterocyclic systems containing bridgehead nitrogen atom. Part XIX. Syntheses of 5, 6, 7, 8-tetrahydro-2-substituted-4H-imidazo (2, 1-b) benzothiazoles, their 7-methyl homologs and 5, 6- dihydro -2- substituted -6, 6-dimethyl-4H-imidazo (2, 1-b) benzothiazoles-8 (7H) -ones:, 165

I

Indian Pharmaceutical Congress, XXIV, 165
Ipomea turpethum, sugars and coumarins in black-turpeth, 126**
Isoniazid-sodium p-aminosalicylate combinations in dosage forms, estimation of the components of, 58*

J

Jatamansi:, Indian spikenard, 171
(Jyotishmati), *Cardiospermum halicacabum*, seeds, some preliminary pharmacological investigations on, 76**

K

Kalanchoe pinnata Pers, isolation of fumaric acid from, 20**
Kurchi bark:, use of ultrasonic energy for the extraction of alkaloids from, 169

L

Local anaesthetics; hypotensives and tranquilisers: 1- (*o* — and *m*-alkanoylphenoxy) - 3 - (N4-arylpiperazinyl) propan-2-ols as, 165
Local anaesthetics: Part XII — studies on derivatives of N-arylglycine ethyl esters, 37**
Local anaesthestics, new, 74**
Local anaesthetics, some new, 94**

M

Medicinal oils:, studies on the stability of, 175
Methaqualone, spectrophotometric method of estimation of, 159**
Microbial contamination, the control of, in pharmaceutical products for oral and topical use — raw materials, 25 (R)
Murraya paniculata Jack, coumarins from the leaves of, 47**

N

Nikethamide:, colorimetric assay of, 174

O

Oral hypoglycaemic and diuretic drugs in tetramethylurea, nonaqueous titration of, 109*
1, 3, 4-Oxadiazoles as inhibitors of pyruvic acid oxidation, synthesis of substituted, 191*

P

Pepsin, assay of, and the digestibility test for absorbable sponge gelatin, 89**
Pharmaceutical glass bottles:, water attack at 121° on, basis for new standards, 12**

Picrorhiza kurroa (Kutki) roots, pharmacological investigations on, with special reference to its choleretic and antimicrobial properties, 17**
Phenylenediamines with acrylic acids, reaction, of, 167
Photodegradation of selected colours, studies in, 174
Physalis peruviana leaves: steroidal lactones of, 168
Physalis ixocarpa leaves, withaphysacarpin — a new withanolide from, 168
Plantago ovata Forsk Ispaghula, effect of auxins on reproductive growth and yield of, 161**
Plumeria rubra, local anaesthetic activity of, 10**
Polyethylene and polyvinyl chloride, leaches and water sorption of, 92**
Polysaccharides, fractionation of, 51 (R)
Polyvinylpyrrolidone (PVP) preparations in dogs:, comparison of the hypotensive effect produced by commercial, 172
Preservatives, study of, part VIII, 119**
Production control — an aid to pharmaceutical industry:, 175
Publications Received, 78, 126
An approach to the prevention of disability from chronic psychoses. The open mental hospital within the community, 78
Brochure on thin layer chromatography, 126
Chemist and Druggist Directory 1972 and Tablet and capsule identification guide, 78
Current concepts in the pharmaceutical sciences, Biopharmaceutics, 126
Evaluating the effectiveness of community mental health services, 78
Predictive toxicometrics, 126
Programs for community mental health, 78
Steps in the development of integrated psychiatric services, 78
The New Cosmetic Formulary, 126
World Health Organization Technical Report Series: No. 487, 126
Pyruvic acid oxidation, inhibitors of, synthesis of substituted—1, 3, 4-oxadiazoles as, 101*

Q

Quinazolones, anti-acetylcholinesterase activity of quaternary ammonium compounds of substituted, 112**
Quinazolones, substituted, as anticonvulsants, 72

R

Research Papers, 58*, (62*, 65*, 69*), 79*, (83*, 86*), 101*, (105*, 109*) 147*, 151*, 155*)
Reticulol (7-methoxy-6, 8-diamino - 3 - methylisocoumarin):, an approach to synthesis of, 166
Review Article, 1 (R), 25 (R), 51 (R), 129 (R)
Rheological properties of emulsions, studies on the, 83*
Ring cleavage of radioprotective thiazolidines—IV, 166

S

Sapindus trifoliata, the use of, in the treatment of chronic rheumatic arthritis:, 176
Sharpunkha—*Tephrosia purpurea* Pers:, pharmacognostic study on, 172
Short Communications, 9**, 35**, 71**, 89**, 112**, 159**
Steroidal antifertility agents, chemistry and biology of, 168
Substituted quinazoline derivatives: studies on, 167
Surfactants, effect of, on release of medicaments from ointment bases, 79*
"Swet-Sirish"—*Albizzia procera* Benth. Stem bark:, pharmacognostic study on, 171

T

Tabernaemontana coronaria Stapf., chemical examination of the leaves of, 163**
Tetracycline capsules:, bioavailability of drugs, 172
Tetracycline hydrochloride and tetracycline-urea complex in petrolatum ointment base, stability of, 96**
Thiamine, colorimetric determination of, 11**
Thioamides, a colour reaction of, with 2, 3-dichloro-1, 4-naphtha-quinone: 176
Thymol, estimation of, in pharmaceutical preparations and in oil of ajowan, 35**
T.L.C. technique:, identification of ephedrine, chlorpheniramine and codeine in complex cough linctus by simple, 173
Tolbutamide, studies on sustained release formulations of, 151*
2 - Trifluoromethylquinazolinones, 20**

W

Water washable bases:, some new, 174
Withania coagulans, Dunal, study of seed and husk oils of, 22**
